

KERR GLOBAL'S SOLUTION PROVIDES YOUR BUSINESS WITH CUSTOMIZED FLEET MANAGEMENT APPLICATIONS THAT ARE TAILORED TO YOUR SPECIFIC NEEDS.

Problem:

A delivery company requires a list of 'completed deliveries' in real-time. It also lacks the tools to measure fleet performance.

Solution:

With Kerr Global's real-time fleet tracking system and customization solutions a digital dashboard can be developed to display various fleet performance indicators and a current list of deliveries.

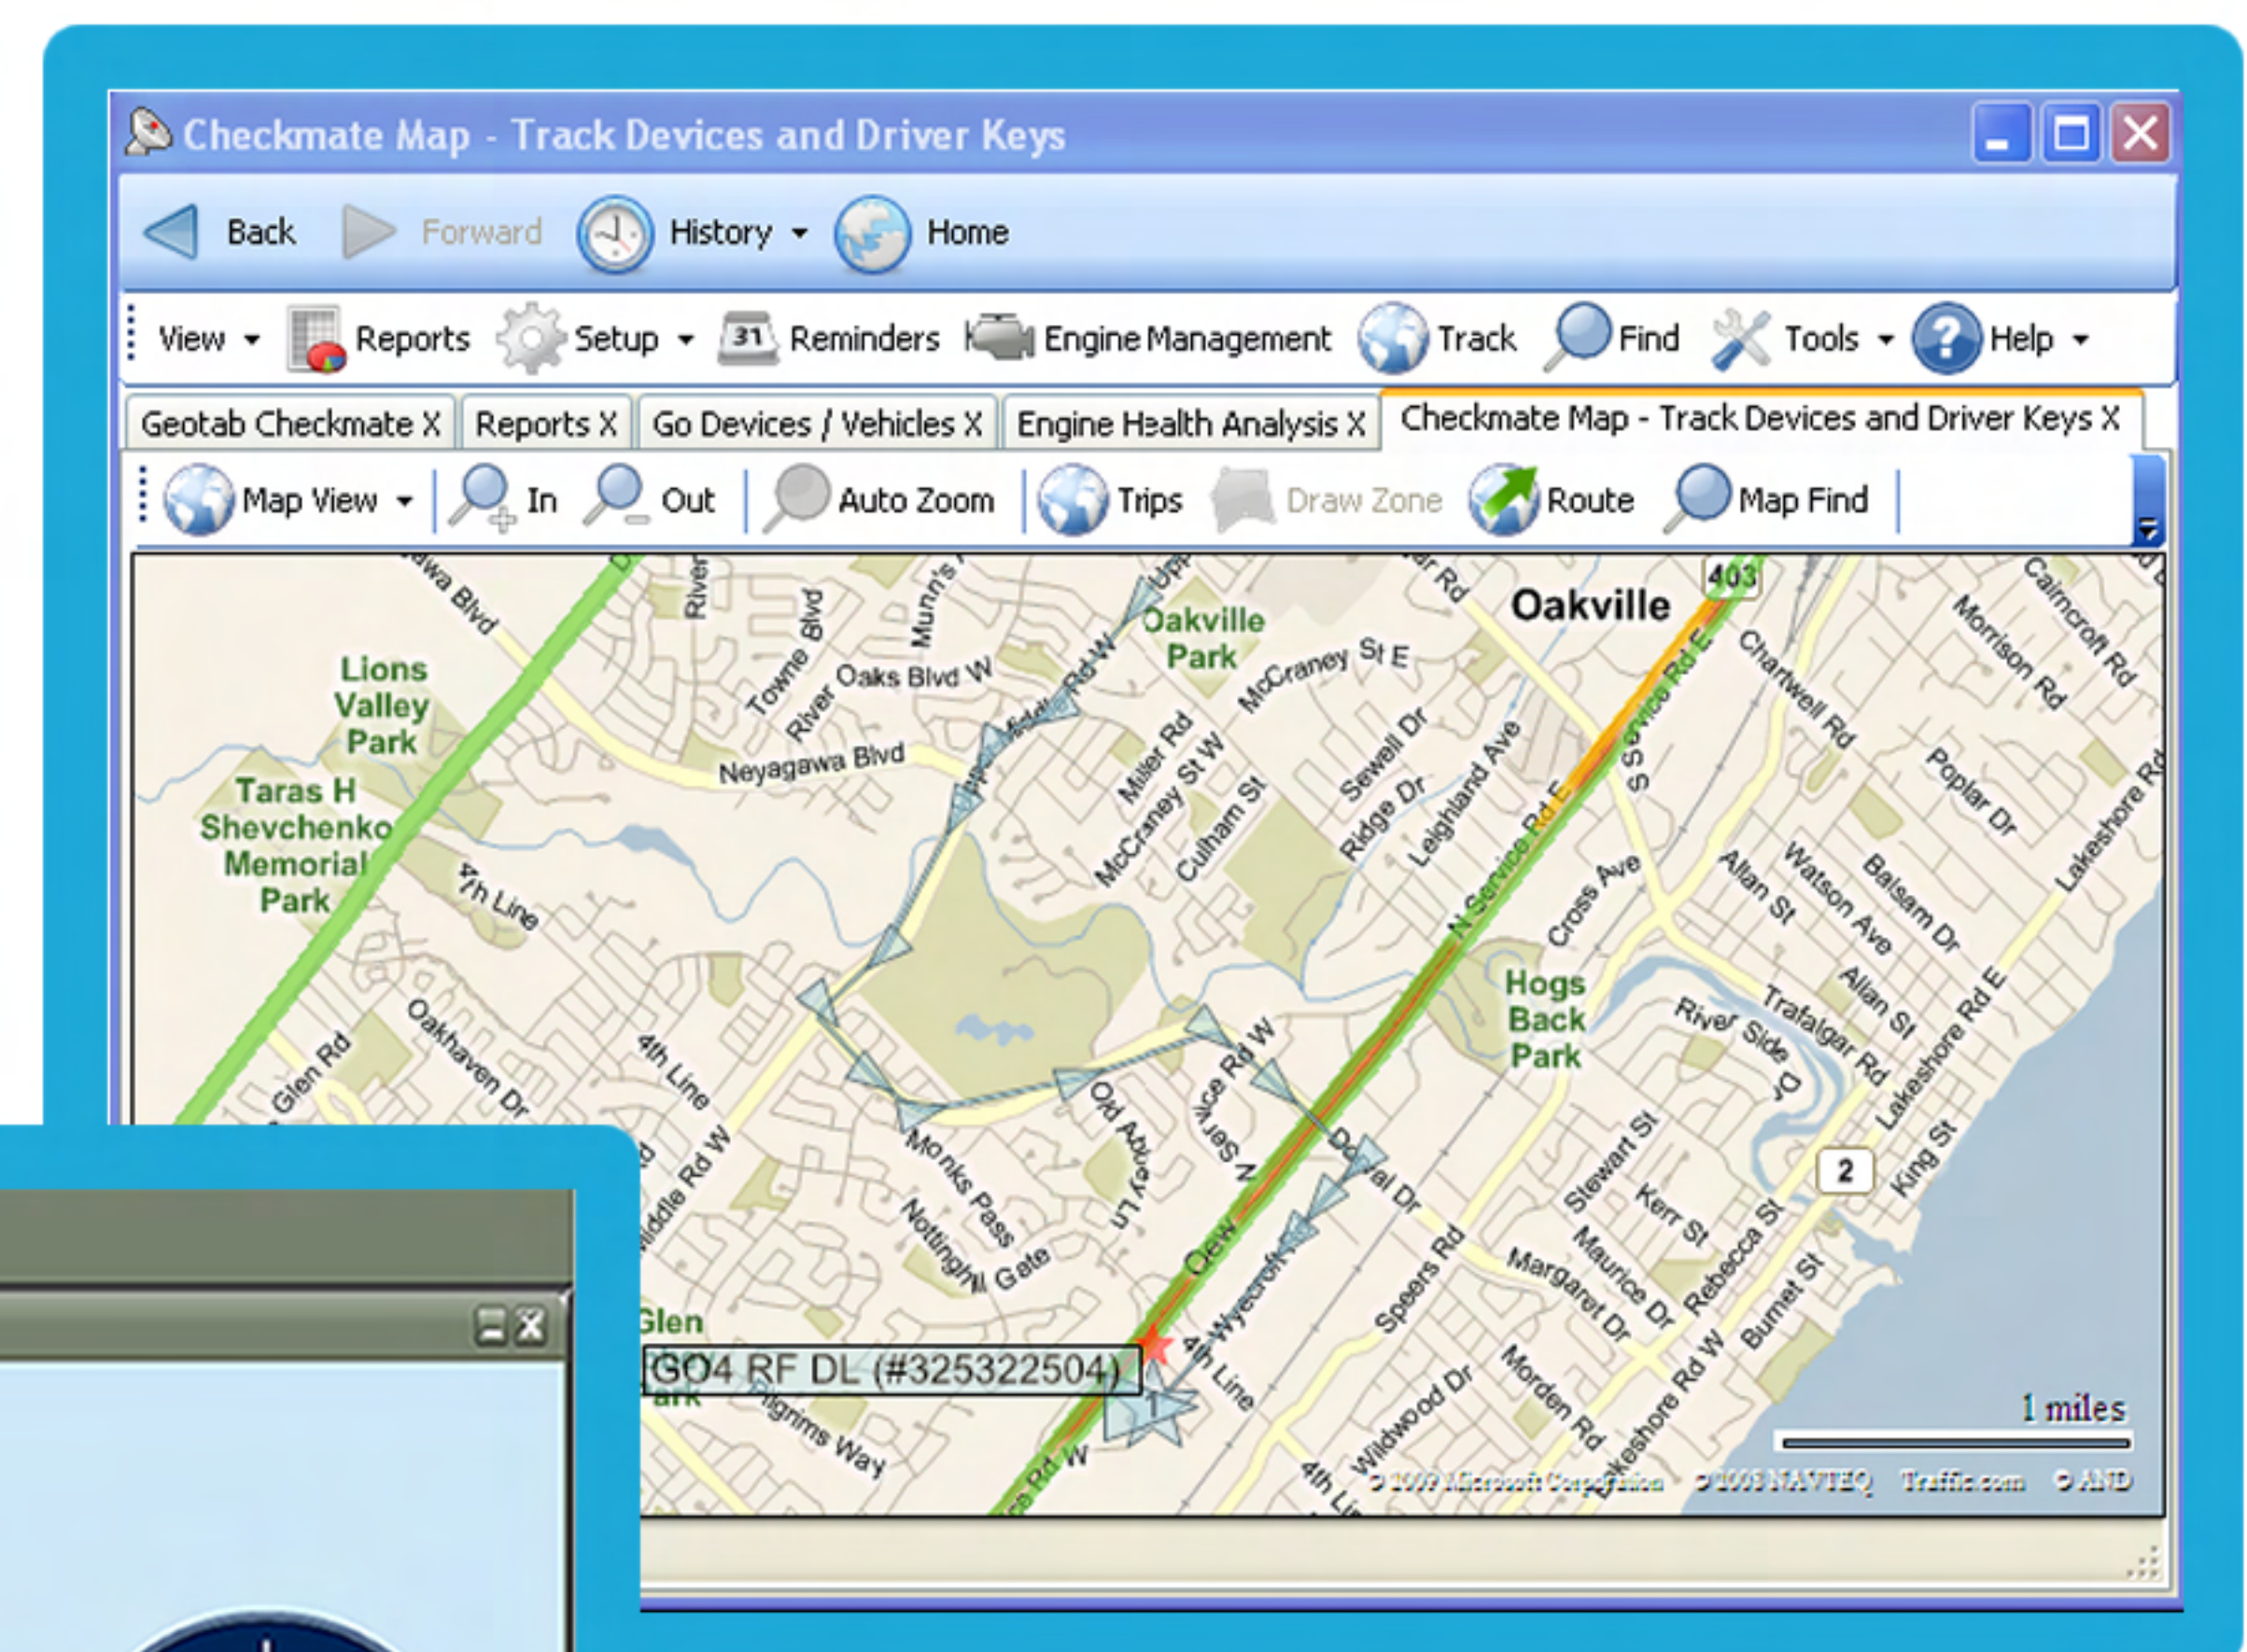

Kerr Global's fleet management system

Real-time list of
delivery
addresses by
vehicle ID

Color codes:
completed,
uncompleted,
in progress

Fleet performance
metrics:
(mean response
time, round trip
time, mean stop
time, expected vs
actual arrival time)

PROVIDING THE TOOLS THAT WORK FOR YOU
